DATA SHEET

Jabra Elite 75t

Engineered to fit. Great calls & music, designed for compact comfort.

Compact comfort

Designed and tested for secure fit, so you can be confident that your earbuds will stay put. A new smaller design makes them the ideal fit for every type of ear while the ergonomic shape makes them exceptionally comfortable.

Great calls, anywhere

Making and taking calls is always a great experience, wherever you are, thanks to enhanced 4-microphone call technology, which filters out disruptive noise around you. Be confident that you can take that call, even in noisy or windy environments like the street or train station.

More power, more freedom

Trust in a battery you can really rely on, with up to 7.5 hours on a single charge. The handy charging case gives you a total of up to 28 hours battery, and the fast charging feature gives you up to an hour of battery from just 15 minutes of charging.

Your music, your way

Listen to your music exactly the way you want to, with a customizable equalizer. Simply download the Jabra Sound+ App and set your levels to your preferences; whether you want to boost the bass or turn up the treble, your music will always sound exactly how it should.

Proven true wireless connection

With Jabra 4th generation true wireless connection, your music and calls will be stable, with no wires to get in the way, and no reason why you can't enjoy reliable conversations and music. No audio dropouts, no interruptions.

Durability, guaranteed

Be ready for whatever the day throws at you – literally – with IP55-rated protection from dust and water. To give you even further peace of mind, the Jabra Elite 75t also comes with a 2-year warranty* against dust and water damage, so you can wear them with confidence.

One-touch access to your voice assistant

Jabra Elite 75t lets you connect to Alexa, Siri® or Google Assistant™, allowing you to quickly access the information you need - from setting appointments, to finding nearby events or having your messages read to you - and Bluetooth 5.0 allows you to seamlessly connect Elite 75t to your smartphone.
